

Make a Planet Stan Mini Book

Instructions

1. Choose which size you want to make and cut it out.

2. Fold the pages concertina style.

3. Wrap the back cover around the folded pages. To secure, dab a bit of glue on the front and back pages.

4. You are now the proud owner of a Planet Stan mini book!

Can you make an even smaller one?
The smallest Planet Stan will sit on a 5p!

With thanks to Karen Watterson for this excellent make!
